30 October 1954

MEMORANDUM FOR RECORD

Subject: Revision of Strategic Materials List for National Censorship Requirements Guide

25X1A9a

1. On 15 October 1954 [redacted] with a list of strategic materials originally furnished by me in March 1952. Chief, ED/CD, notes that this list among other material furnished by the several CIA offices, was used by O.3 in compiling the 1953 National Censorship Requirements Guide.

2. In her transmittal, [redacted] requested D/E to review the list, making any deletions and/or additions required to bring it up to date. She telephoned [redacted] on 19 October indicating the urgency of D/E comments being received this week. On advice from Chief, D/E, [redacted] was informed that this Division could not comply for several weeks due to the uncertainties resulting from the security list review and to the fact that the ST/I request had not been received until 15 October.

3. Chief, E/C, following discussion with Chief, D/E, has requested that I take action on this ST/I request. Since several members of D/E have been concerned with this matter, and since I am not conversant with U.S. stockpile considerations, a clarification of instructions is desired on the handling of this request.
